

A Rich Harvest of Lemons in the Garden of the Delegation Center in Rome, Italy

This year the lemon trees were laden with succulent fruits. The Sisters and their collaborators helped preparing the lemons to make juice, jam and “*limoncello*”, fragrant liquor.

Every Saturday, the Sisters with other people, especially the elderly from the neighborhood, pray together the rosary and celebrate the Sunday Eucharist.

The community is always open to welcome relatives and friends of the Sisters, to share meals, joys and celebrations of the community.
