On August 17, 2014, Sister Linda Marie White from the Toledo province, USA, began her ministry as the local coordinator of the Motherhouse community, Rome. Sister Maria Benedetta Gurschler from the Italian delegation and Sister Mary Supriya Augustine from the Patna province, India, both of whom have been members of the motherhouse community for several years, will assist her.

The day began with a festive Eucharistic celebration and concluded with an entertaining PowerPoint on community life in reference to our Constitutions. We are grateful to our new coordinating team for saying yes to their new responsibility and wish each of them many blessings in our international community.
