

Publication of “Community of Love”, Incheon, Korea

Incheon Regina Pacis Province, Mass celebrating the publishing of a book for preparation of First Communion

Regina Pacis Province celebrated the publication of a catechetical textbook for children, their families and catechetical instructors in preparation for First Communion, “Community of Love – Let us become one,” after four years of hard work.

To express our gratitude, on Jan. 6, 2015, we offered Mass with Paulist brothers, volunteers and cooperators who helped prepare this publication.

After studying theology in the United States, Sr. Marie Paulita initiated the Research Centre of Catechetical Books where she and community sisters gave much effort and devoted love, since 2011, to create the textbook.

Their fruit, “Community of Love – Let us become one” is now being used in several dioceses with positive feedback. We ask you to keep the development of the Research Centre in prayer, so that through its works, God’s goodness may be more widely spread.
