

Special Thanks to the Sister Translators

October 9, 2016

As the Chapter reports draw to an end we want to thank our sister translators for their work – Sister Maria Adelia and Sister Maria Lory Ines translating Portuguese, Sister Maria Bernade and Sister Maria Josefa translating German, Sister Maria Julie and Sister Marie MuYoung translating Korean, Sister Maria Klaudia translating Indonesian. Besides the simultaneous translation the sisters are providing during the Chapter, each was responsible for translating all of the written reports and material submitted before the Chapter. Many thanks to each of these sisters for their dedicated ministry of encountering the Word in a very real way and assisting all to engage the world.
