

## Welcome to Sister Mary Pascalia, Rome, Italy

On September 14, the Motherhouse community welcomed its newest member, Sister Mary Pascalia, from our African Delegation.

Sister will be studying for three years in order to receive a Bachelor's degree in Religious Science at the Angelicum. Sister, a Kenyan, has had varied ministerial experience in East Africa, teaching in secondary education, working in vocation promotion and walking with young women discerning religious life in our community at the Candidate House in Arusha, Tanzania. It is a joy for us to have her among us as she begins this new adventure.
