Jyoti, Nirmala, Amala, and Vijaya celebrating 65 years of commitment to saying yes to God's call. It is a time to pause, reflect, and celebrate... it is a moment of grace... a memorable day to cherish as we celebrate your faithfulness to God and your long years of dedicated service to His mission.

In our journey through the ever-changing seasons of life, everything is in a constant state of flux. The ebb and flow of our life follow a rhythm, best lived in step with God of the seasons as our creator and sustainer. It is the seasons of our life that enable us to evolve and fully experience His best. Every season has its own charm. Our plans, our relationships, our growth, and our ministry, all have their unique God-intended moments and seasons.

The melodies of these seasons enable us to live our lives with renewed fervor and joy, singing our song of gratitude eternally. For everything, there is a season and a time, and that time is now. Truly 815 years in the Master's vineyard, most generous service to the King of Kings. Gratitude fills our hearts as we recall God's numerous blessings unfolding in and through you over the years in our lives.
